7th INTERNATIONAL TRADE FAIR & CONFERENCE

29-31 October 2025

Chennai Trade Centre, Chennai, India

Windergy India 2025 - Accelerating the Future of Wind Energy

Windergy India 2025, the 7th edition of the international trade fair and conference dedicated to the wind energy sector, is set to take place from October 23-25, 2024, at the Chennai Trade Centre. As India's wind energy industry stands poised for exponential growth, this event comes at a pivotal moment, bringing unparalleled opportunities to connect, collaborate, and shape the future of renewable energy.

The event will serve as a premier business-to-business platform, uniting policymakers, regulatory authorities, international and domestic solution providers, and industry leaders from across the globe. Attendees can explore the latest technologies, products, and services driving advancements in wind power, while engaging in meaningful discussions to foster innovation and growth in the sector.

Windergy India 2025 is supported by Government agencies and industry bodies in the renewable energy industry, including the Ministry of Power, Ministry of New and Renewable Energy (MNRE), India Energy Storage Alliance (IESA), Indian Wind Power Association (IWPA), International Solar Alliance (ISA), Skill Council for Green Jobs (SCGJ), Wind Independent Power Producer Association (WIPPA), Solar Energy Corporation of India (SECI), Composites Excellence Centre of Asia (CECA), and National Institute of Wind Energy (NIWE).

Expected to host over 350 exhibitors, Windergy India will bring together a comprehensive ecosystem of stakeholders from across the wind energy sector. This includes WTG manufacturers, component manufacturers, academicians, associations, industry leaders, international organizations, investors, green power providers, technology developers, municipalities, NGOs, public sector undertakings, and venture capitalists, among others. This diverse representation ensures a holistic approach to addressing the challenges and opportunities in the wind energy industry.

Half of the exhibition space is already booked, and all the leading industry players are part of the show such as Suzlon, Envision, Servion, Nordex, SANY, ZF, Bonfiglioli, Flender, WEG, Timken, and many more.

Windergy India 2025 invites all stakeholders to mark their calendars and be part of a dynamic event that promises to redefine the future of wind energy. This is your chance to connect, innovate, and contribute to the sustainable growth of renewable energy in India and beyond. For more information, please visit www.windergy.in
